

Country Squires Presentation on August 14, 2020

**A Perfect Storm? Influenza, or Mother Nature's Worst Weapon of Mass Disease,
Meets COVID 19 for the First Time**

Presented by Paul Etkind

On 8/13 [Thur.](#) at 12:pm, we will be conducting our first ever Zoom meeting. I am thrilled to announce that Paul Etkind has agreed to be our guest speaker. The title of his talk will be "A Perfect Storm? Influenza, or Mother Nature's Worst Weapon of Mass Disease, Meets COVID 19 for the First Time". This is such a timely subject and we are fortunate to have our own "resident Epidemiologist". If I get it right there will be a question and answer following Paul's presentation.
